Read letter No 211 of the 7 July 1882 from the Deputy Comr of Chittagong regarding the selection of Candidates for medical Scholarships from his District

2949 of 20 July 82 Order

Noting No 721-9/26

It was not intended by Prop d/27 April 1882 that when a District cannot supply qualified candidates for the medical Scholarships provided the Dy Comr should himself take the trouble of getting the candidate from other Dts, but the selection will be made by the Govt itself from the Candidates whose names are sent up by any other District - In the present case, the course adopted was circuitous and involved needless trouble on the candidates who, though belonging to

had to get themselves
recommended by the
Dr Govt. of Trankur & to go
all the way to Chitaldroog
to be approved. They
do not appear to be, in
any special sense, natives
of Chitaldroog or of the
Province, though, having
studied in the local Schools,
their applications will
not be refused if they
are otherwise qualified.
It is complained that
a want of good knowledge
of English ~~and~~ renders the
Students unfit to benefit
fully by the instruction
and keeps back the general
progress of the whole class.
~~One of the Chitaldroog candidates~~
M. Rathnasawmy Konar
would seem to be an exception
scarcely qualified for entering
the Medical School. He must
go through a longer course of preliminary
instruction in English. The
application of the other candidate
Rayn will be considered along with
other applications ~~and~~ which may be
received from Bangalore & Mysore

B Venecoba Rain has been a student here for about five years He passed the Middle-School Examination held in December 1880, and I think will make an Cadet next December. He is very nice and quiet in his manners, and has always borne a good character here.

He is a pretty good mathematician & I think would get on well as an accountant.
